Title: Lost P drive

Description: Lost P drive

This will cause many different problems including not being able to save or retrieve estimates, error messages when making changes to customer data or losing your logo when printing MIS forms.

Solution: Network mapping instructions.

Select Network neighbourhood
 Select Your server
 Right Click on PP (folder)
 Select Map network drive
 Select P (drive letter)
 Select Reconnect on logon
 Select OK

You will now see a P drive under My Computer
